To God be the Glory

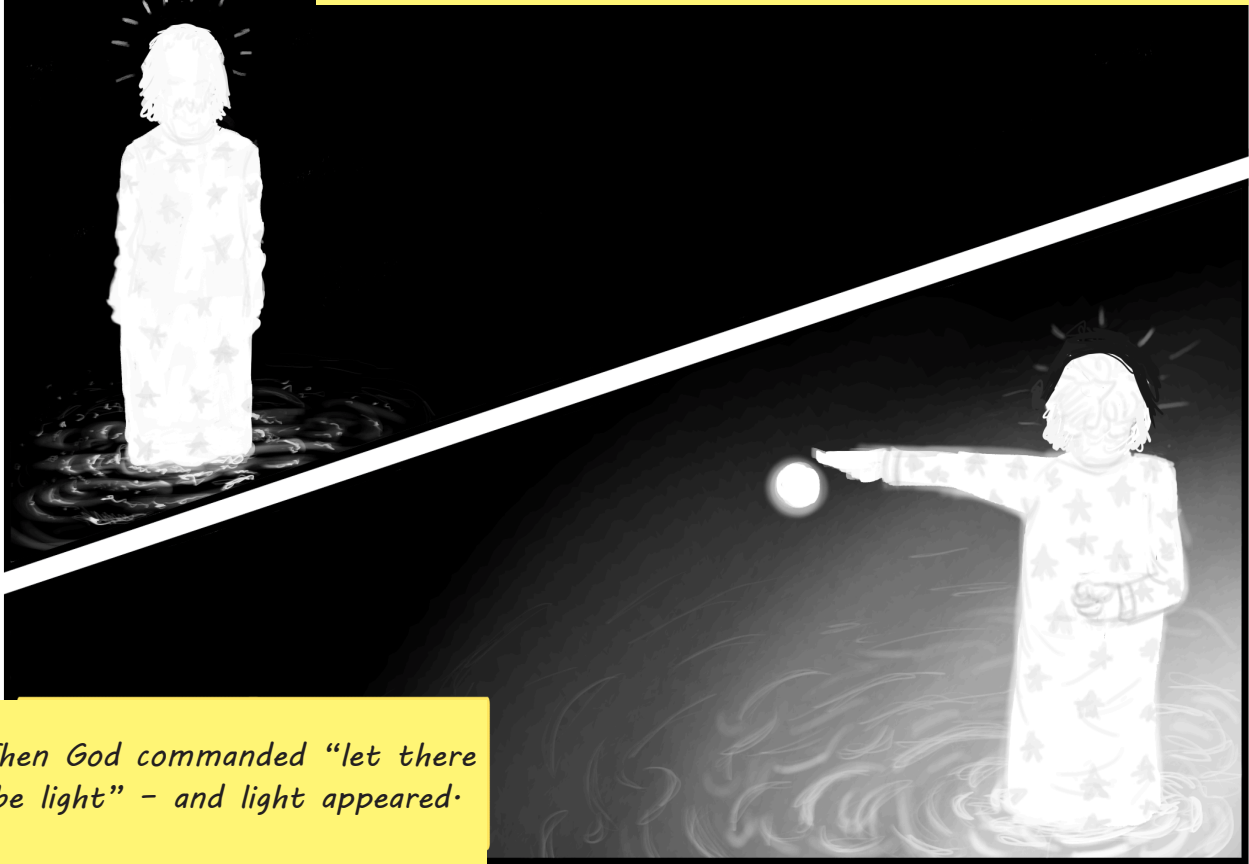

Introduction.

The book “The story of creation” is visualization for believers about the process of how God’s masterpiece (The Universe) was created. The book is a journey from the time God created the universe to the time He filled it with amazing master works including I You and I I. Enjoy

Dedication

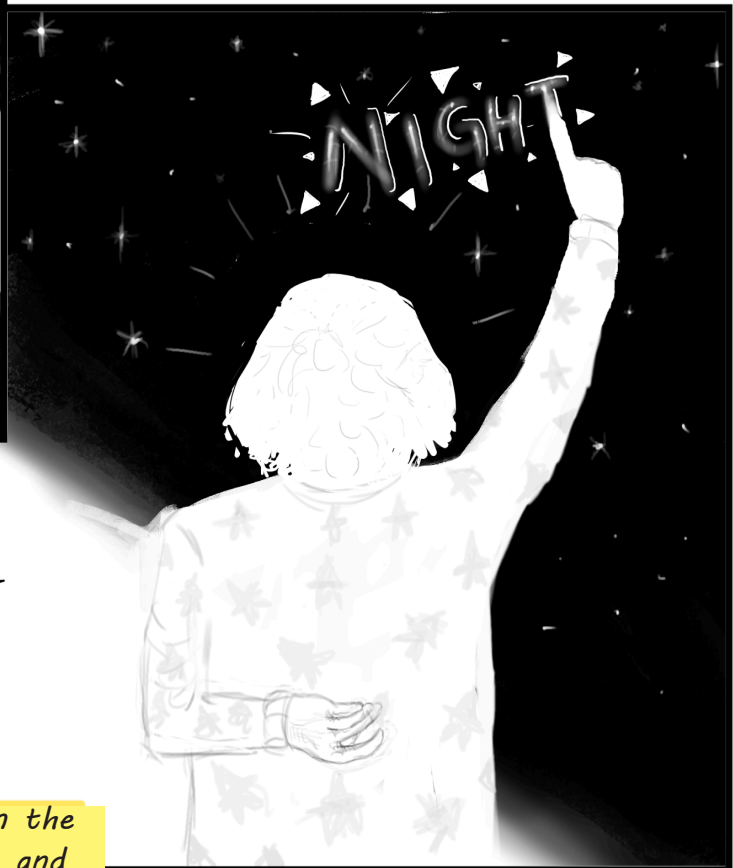

The book “The story of creation” is dedicated to the believers and to those struggling with their faith. Jesus walks..

In the beginning, when God created the universe, the earth was formless and desolate. The raging ocean that covered everything was engulfed in total

Then God commanded "let there be light" - and light appeared.

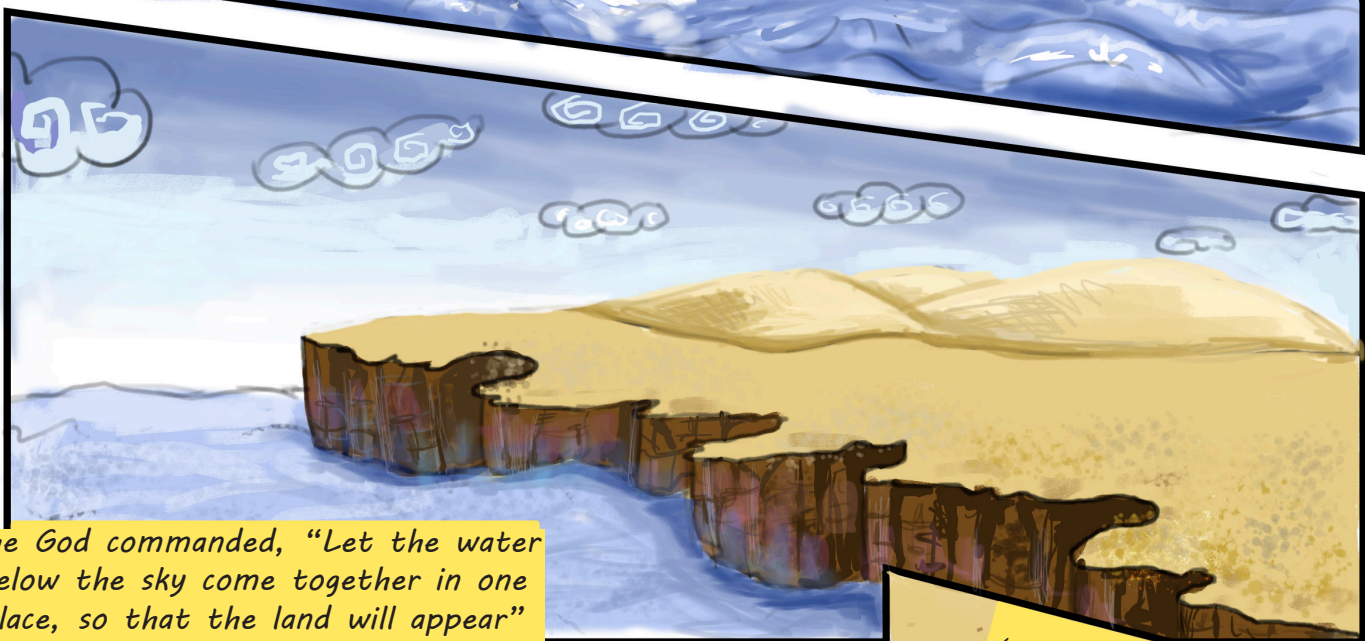

God was pleased with what he saw.

Then he separated the light from the darkness, He named the light day and the darkness "Night". Evening passed and morning came - that was the first day.

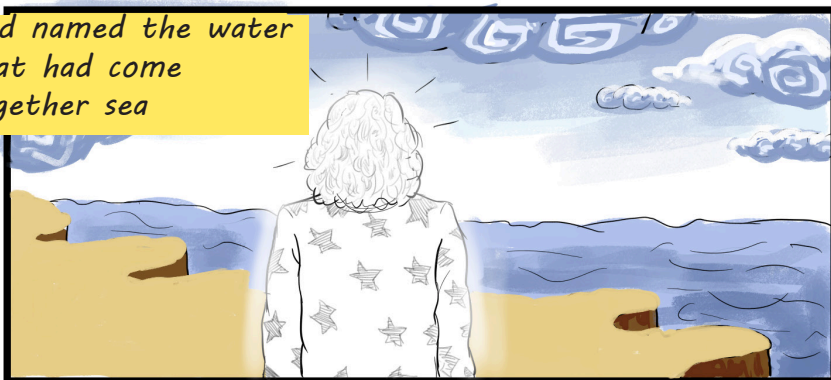

The story of Creation

Then God commanded, "Let there be a dome to divide the water and to keep it in two separate places" and it was done. He named the dome "sky". Evening passed and morning came and that was the second day

The God commanded, "Let the water below the sky come together in one place, so that the land will appear"

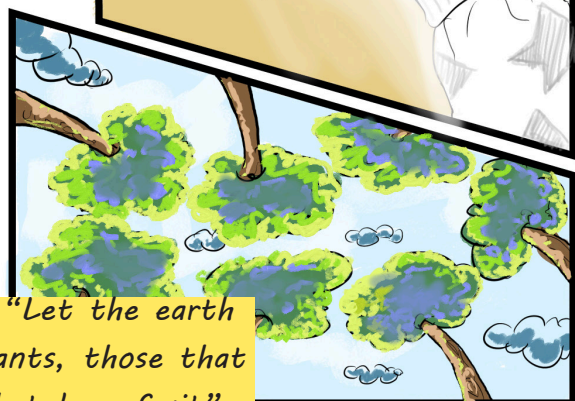

God named the water that had come together sea

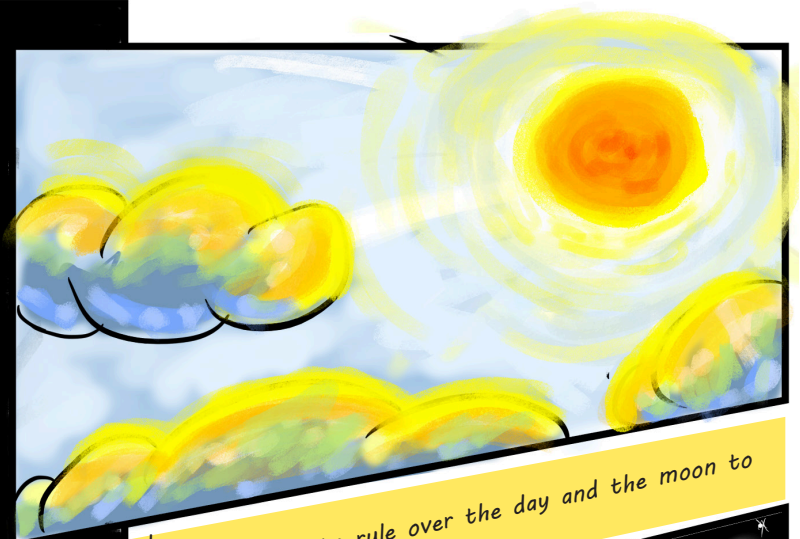

He named the land "Earth"

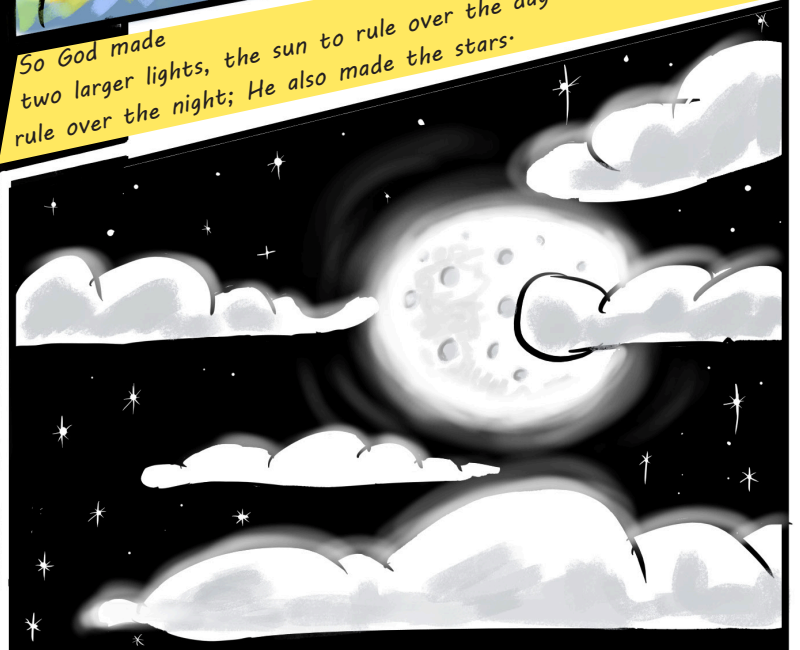

Then he commanded, "Let the earth produce all kinds of plants, those that bear grain and those that bear fruit" —

Then God commanded, "Let lights appear in the sky to separate day from night and to show the time when days, years and religious festivals begin."

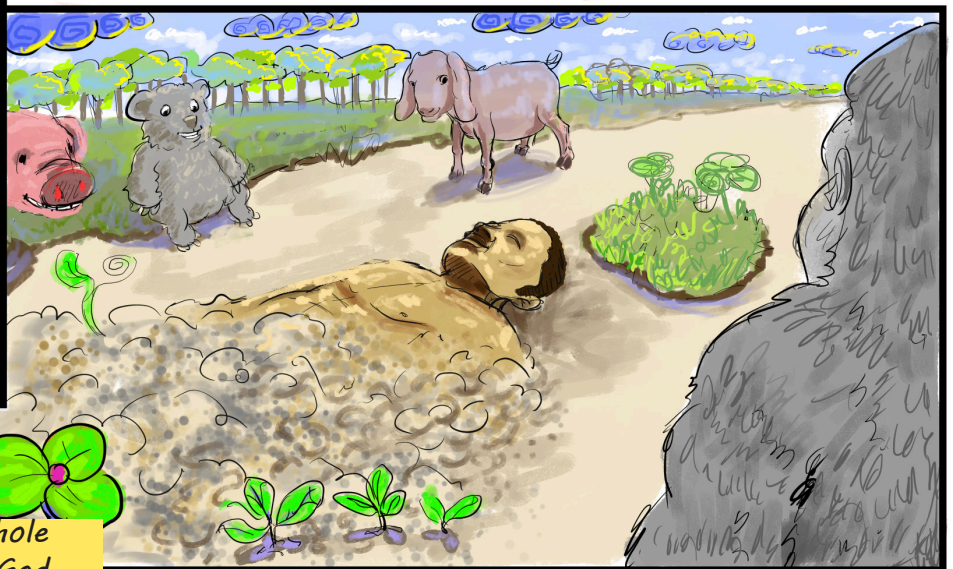

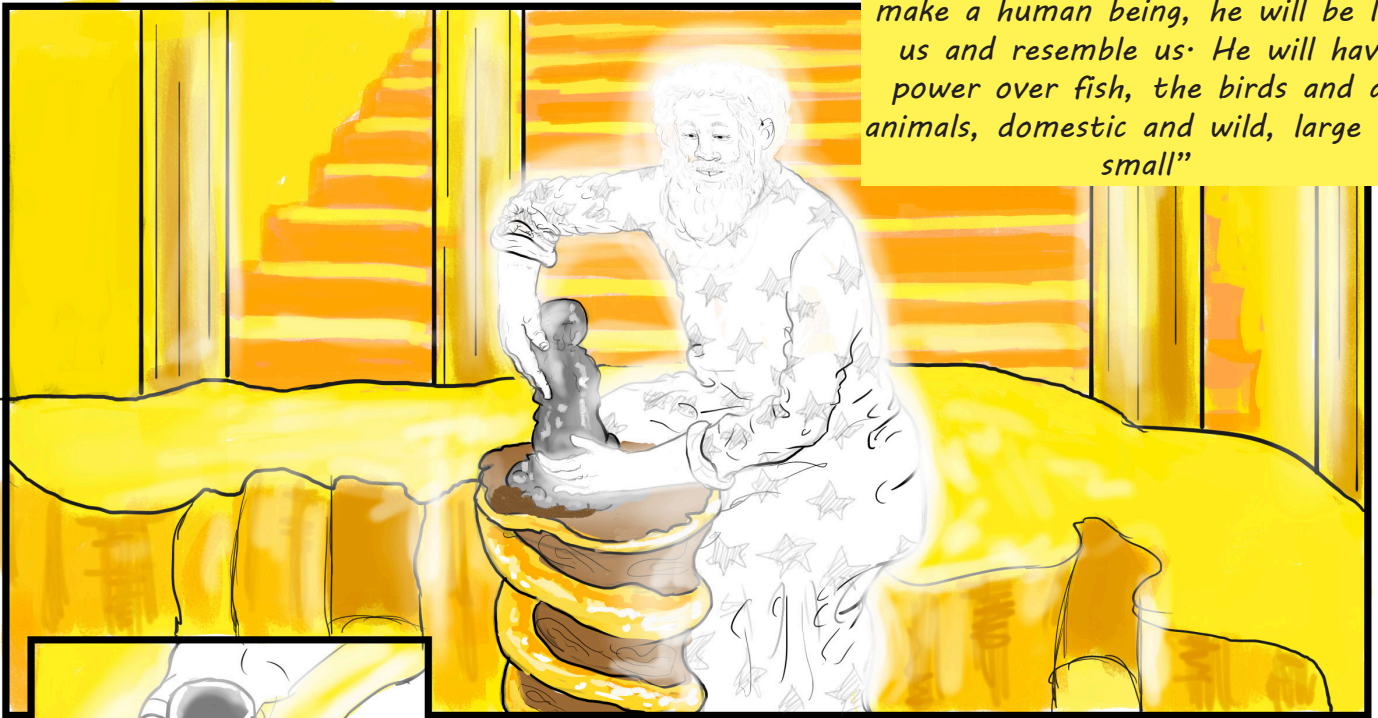

So God made two larger lights, the sun to rule over the day and the moon to rule over the night; He also made the stars.

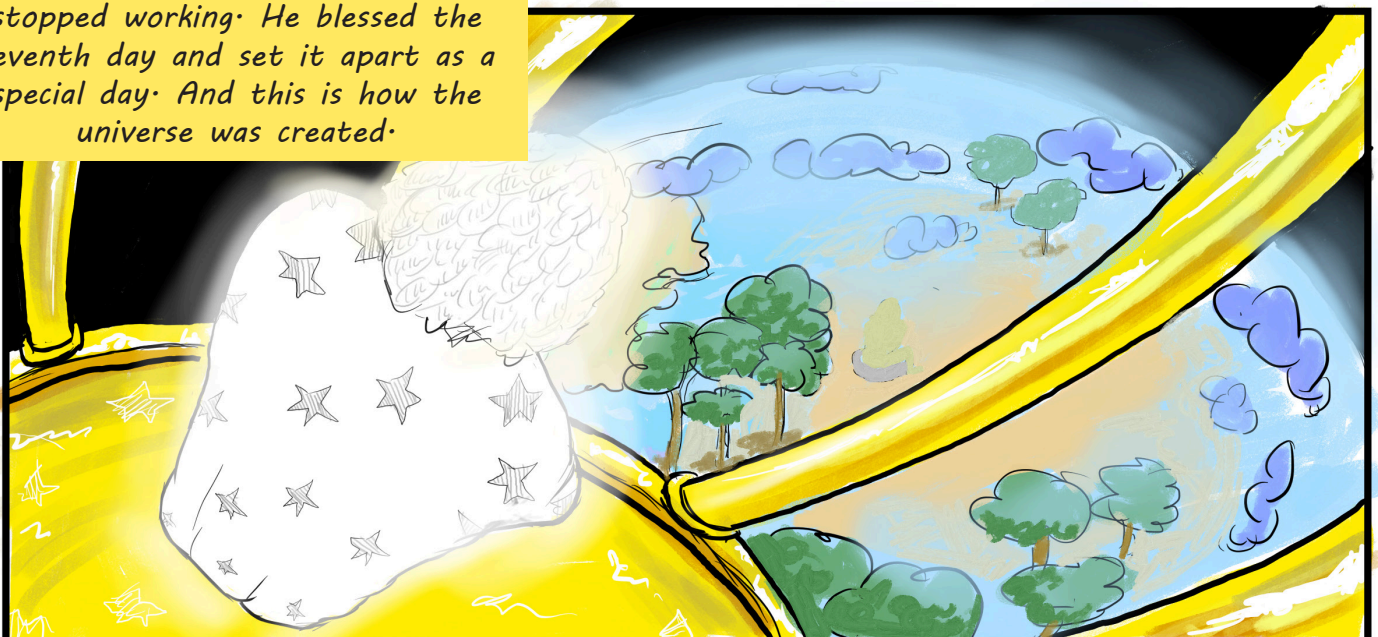

Then God commanded, "Let the water be filled with many kinds of living things, and let the air be filled with birds" and on the following day he also commanded, "Let the earth produce all kinds of animal life: domestic and wild, large and small" and it was done.

Then God said, "And now we will make a human being, he will be like us and resemble us. He will have power over fish, the birds and all animals, domestic and wild, large and small"

On the seventh day, the whole Universe was complete and God stopped working. He blessed the seventh day and set it apart as a special day. And this is how the universe was created.

Acknowledgement

It's our work as believers to give glory to the Almighty God and this is by loving what is surrounding us right from nature to our brothers and sisters. All this can only be possible through acknowledging God as our Father and always praying to Him through His one and only son Jesus Christ that He may send us the Holy spirit to guide us in our daily activities.

Amen
